DEAR MR. THE DISTRICT OF COLUMBIA

WASHINGTON, D.C. 20004

MARION BARRY, JR
MAYOR

JUL 7 1986

The President
The White House
Washington, D.C. 20500

Dear Mr. President:

Today, I am transmitting the proposed FY 1986 Supplemental Budget for the District of Columbia along with the budget act as approved by the Mayor and the Council of the District of Columbia.

The general fund Supplemental Budget represents a net increase of $31,567,000 over the congressional approved FY 1986 budget. It includes $67,023,000 in increases and $35,456,000 in budget authority rescissions of District agencies. The net increase of $31,567,000 is funded by an increase in local revenues due mainly to larger than anticipated increases in personal and business income taxes; and increases in traffic fines due to the greater enforcement of traffic regulations and higher fines for traffic violators.

Of the $67,023,000 in increased need, $55,290,000 is required to meet mandated program costs, such as those associated with relieving prison overcrowding, the police pay raise approved by the Council, overtime for firefighters and police officers, payment to the Federal Bureau of Prisons for the care and custody of District prisoners, payment for dump fees at the Lorton Landfill, payment of disability compensation claims, and the implementation of the D.C. Procurement Practices Act of 1985 (D.C. Law 6-110) and the D.C. Regional Interstate Banking Act of 1985 (D.C. Law 6-107).

The balance of $11,733,000 is needed to support selected critical programs, primarily in the area of employment. These include the expansion of the summer youth jobs program, the Special Temporary Employment Program (STEP), the Educational Worker's Summer Employment Program, and employment programs for the Hispanic community. Funding is also needed for youth-oriented programs, and for health and nutrition assistance for our senior citizens.

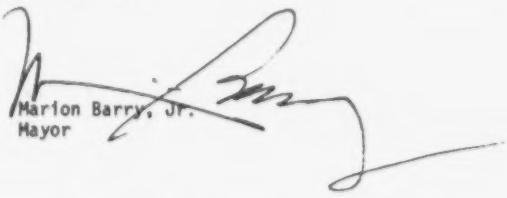
A modest increase of $300,000 is requested in the Water and Sewer Enterprise Fund to fund additional mandatory costs for the Washington Aqueduct to provide safe drinking water. This increase is supported by available utility revenues.

The Supplemental Budget request for capital projects is $126,791,000 in additional authority. Over half of the increase is requested to make much needed repairs and renovations of public housing facilities ($40,233,000), public school facilities ($18,000,000), and correctional facilities ($17,665,000).

With the approval of this Supplemental Budget request, I am confident that the District can complete FY 1986 with a balanced budget for the sixth consecutive year.

I appreciate your favorable and prompt review of our FY 1986 Supplemental Budget, and request that you submit the Supplemental to the Congress before it reconvenes on July 14, 1986. I will be happy to provide any additional information that might be necessary to complete your review before transmittal to the Congress.

Sincerely,



Marion Barry, Jr.
Mayor
